

Scottish Health Technical Memorandum 2010

(Part 6 of 6)

Testing and validation protocols

Sterilization

Contents

1. **Sample log-book for porous load sterilizers.**
2. **Procedures for the procurement, validation, revalidation and operational management of sterilization.**

Sections 1 and 2 are not included on this CD-ROM but correlate to Appendices 5 and 6 of HTM 2010 Part 6. Scottish versions are in preparation.

Appendices 5 and 6 of HTM 2010 are approved for use by the NHS in Scotland and can continue to be used until further notice.

Further information is available from the HEEU and Scottish Healthcare Supplies.
