

Registration for National Development Support

Registration is the first step in exploring whether support from National Services Division (NSD) for national developments is a possibility. If your proposal is in relation to an existing nationally commissioned service or network, please speak to the relevant NSD commissioning team.

This document provides guidance on how to complete the online registration webform. Please ensure you have all the relevant information required for each question BEFORE you begin the online submission.

There is no 'save' option so you will need to complete the online form in one session.

- Once submitted, you will receive confirmation of receipt by email.
- You will receive a unique reference number which you must take note of. It will be required to access the application form.
- Please note, you need to register and apply by 31 March (annually) for this financial year.
- Your registration will be highlighted to the NSD Strategic Management Group - Clinical (SMGC) for information and to track progress.

Should you require assistance please contact nss.nationalplanning@nhs.scot

1. Contact details	
Name (forename and surname)	
Role	
Email	
Organisation (enter X in checkbox)	
Telephone	
Department
