01/12/22	58	Agenda Item 9 – Emerging evidence/Literature updates/Gap analysis NIPCM Methodology  provided a presentation to the group on the upcoming changes to the NIPCM methodology. It was noted from feedback that users were finding it difficult to understand what the evidence used is based on therefore graded recommendations will now be used. Categories A/B/C have been removed for more transparency. Categories within the literature reviews will no longer be recommendation/no recommendation/good practice point, this will form part of the policy document. The literature review will contain conclusions. The new methodology is	N/A	N/A	N/A
