Hi Camilla,

Thank you. I've a meeting with [REDACTED] to fix the issue with my Team's access. Unfortunately I've not been able to view anything on there yet so unable to see the action points to my name.

Claire is absolutely willing to get involved however she cannot work for free. Would the network commission her to come onboard? If she is not involved it would be a missed opportunity given that she is the only Clinician in Scotland currently treating patients and treating with success. She has the weight of the adult long Covid population on her shoulders and is incredibly busy whilst recovering from 2 X Covid infections over summer which left her very ill. She's asked me to confirm that she could be paid before she commits to a meeting.

Many thanks,

Helen

Hi Helen,

Good to see you at both meetings yesterday and thanks for your input too.
Just a heads up and a wee reminder about the meeting next Wednesday as I don't want you to be caught off guard. Your name is next to 2 action points from the last meeting. They were about sharing resources and contact information. If they're not something you want to follow through with just now, that's fine, I just wanted to give you the option. On a similar note, regarding Claire Taylor, you had offered to find out if she was wanting to be contacted by me again.
You can find the details of the action points in the Action Log in Files in the C&YP channel on teams. If you also scroll through the chat in the C&YP channel from the last meeting, you'll also find some of the info.

Wishing you a lovely weekend, and see you at next week's meeting,
Best wishes,
Camilla
