19/01/2026	Co-codamol 30mg/500mg tablets – written update	Tier 3	MST	<ul style="list-style-type: none">• A Tier 3 MSN was issued on 12/01/2026.• MSRG member [REDACTED] advised that he was hoping there would be regular updates on this issue. There is a lot of noise coming from primary care since the MSN was released.• Issues where there is intermittent supply are difficult to manage and therefore feels it would be beneficial to receive updates at MSRG until the issue improves.• MSRG Chair advised that this issue can listed under the verbal updates for future meetings.
