C2-Internal

Hi Ross,

It will be available via AAH Glasgow, through their hospital only route.

You can contact all in copy should you have any issues

Many thanks

Good Evening all,

I was just looking to chase up my last email. Is there any way we can ensure the stock set aside for Hospitals is available to them?

KR

ross

Good Morning [REDACTED],

Thank you so much for coming back to me.

This is excellent news.

Will this ringfenced stock be available through the usual wholesalers?

If we have health boards struggling to access stock, who is best for us at National procurement to contact?

Thank you so much for coming back to me and look forward to hearing from you again.

You don't often get email from heidi.maundrill@zentiva.com. [Learn why this is important](#)

C2-Internal

Hi Ross,

We do not expect any disruption for the NHS Scotland framework as we have the tender volumes ringfenced as safety stock.

Kind regards

Good afternoon,

I hope you are well.

I am trying to do some planning for National Procurement here in Scotland. Zentiva will be on the national Framework from the 1st of February, I wanted to know what disruption you expect with the upcoming Co-Codamol shortage? Will you have capacity to maintain supply based on framework projections?

If you could put me in contact with, your representative for Co-Codamol here in the UK, I would appreciate it.

I look forward to hearing from you, and if easier please book time with me on teams for an introduction and information.
