Dear [REDACTED],

Freedom of Information Reference FOI-2026-3487

I refer to your Freedom of Information (Scotland) Act 2002 (FOISA) request that we received on 17 September 2026 requesting the following information:

Is there any statistics or research about how an electronically dangerous, life-threatening situation is affecting humans? So I can forward it the the First-tier Tribunal for Scotland Housing and Property Chamber, they do not believe me that this is not a comfortable situation.

It's just to see whether a life dangerous property has any impacts on human mental healths?

[REDACTED]

We have now completed the search of our records and can provide you with the following information:

Under [Section 17\(1\) of FOISA for "Information not held"](#) Public Services Delivery Scotland (PSDS) does not hold any statistics or research in relation to how an electronically dangerous, life-threatening situation can affect humans. I would advise you to contact your local council who may be able to provide you with the requested information.

From 1 April 2026, NSS and NHS Education for Scotland (NES) joined to form PSD Scotland, enabling transformation in health, social care, and the wider public sector. More information regarding PSD Scotland can be found at the following URL:
